

GCSE

Students will be advised on the selection of course to maximise their potential. This includes GCSE P.E, BTEC Diploma and Health for Living.

GCSE P.E has a practical component worth 60% of the overall examination grade. An example of some of the practical activities students follow are listed below:

- Football
- Netball
- Basketball
- Rounders
- Table Tennis
- Badminton
- Rugby
- Gymnastics
- Athletics
- Cricket
- Hockey

The practical element of the course also involves analysis of performance, where students learn how to identify both personal and peer strengths and weaknesses, in order to plan for improvement. 40% of the overall grade is a theoretical examination. Students will follow modules in Health and Fitness, Principles of Training, Factors Affecting Individual Performance and Social and Cultural Issues Related to Sport. This course is offered at Double (2 GCSE's), single (1 GCSE) or short course level.
