

Positive Discipline Strategies

Upper Shirley High School

Invites parents in the Shirley Community Of Schools to attend this empowering and informative parenting workshop

Teenage Mouse

The stage of adolescence brings big changes, with challenges as well as joys. These sessions will give parents key information about changes taking place in their child's brain and the major impact this has on their emotions and behaviour. This understanding is the foundation for setting appropriate loving limits and maintaining a positive, respectful relationship.

Lorraine Lee, a professional parenting practitioner, with over 14 years experience will be leading the sessions. She has worked with schools all over Hampshire and has a background in Child Development and Child Psychology.

TOPIC: Positive Discipline Strategies

DATE: Monday 27th March 7:00-9:00pm

VENUE: Upper Shirley High School Hall

COST: The session costs £8 per family (plus the online booking fee)
(If the cost presents a problem please contact your Headteacher to discuss a subsidy)
